IN THIS ISSUE

- Our proprietary APEX sire ratings for 1,145 sires with 3yo's and up through the end of 2025 in the Northern Hemisphere (674 sires) and through January 8 in the Southern Hemisphere (471 sires) and covering sires in 15 countries, plus data on 300 sires in Hong Kong through their December 14 international meeting. With his final crop of 3yo's **Galileo** (5.71 NH A Runner Index) is the top Northern Hemisphere APEX sire for the 9th time, **Dubawi** (5.29), **Frankel** (4.50), **Gun Runner** (4.41), **Not This Time** (3.89), and **Wootton Bassett** (3.66) comprise the NH top six. That same Wootton Bassett (5.32 SH A Index) and that same Frankel (5.12) – though he's never stood anywhere but Newmarket – are the top Australasian sires by A Runner Index. There are over 30 pages of tables and click-throughs with scads of data to study.
- Following the Keeneland January Mixed Sale and the Magic Millions A\$210 million Gold Coast yearling sales we have updated sire averages for North American and European sires of weanlings/short yearlings and covering sires, plus sire averages for Magic Millions Book 1, in which the top six by average (8+ sold) were Extreme Choice, Snitzel, Frankel again, I Am Invincible, Zoustar, and the extra-promising debutant Anamoe.

INTRODUCTION: A SHORT EXPLANATION OF APEX SIRE RATINGS

*February 1995 Racing Update, featuring APEX Sire Ratings.
The leading sire list is headed by some titans of the studbook, with Sadler's Wells on top with a 6.49 A Runner Index.*

APEX Sire Ratings were developed at Racing Update over 30 years ago and are essentially a better average-earnings index. APEX by the way stands for Annual Progeny Earnings Index. One key difference is this: the average-earnings index divides all earnings by a sire by the number of his runners in a year (or season, in the Southern Hemisphere) and divides the sire's average earnings by the average earnings for all sires in that jurisdiction in that year; if the average earnings for all runners is say \$15,000 and the average earnings per runner for the sire you're querying is \$15,000, his average-earnings index for that year is 1.00.

APEX establishes three class levels: A Runners (the top 2% of earners/runners); B Runners (the next 2%); C Runners (the next 4%); and therefore ABC Runners (the top 8%), then measures the frequency with which a sire gets runners in each of these categories and divides the sire's percentage of, for example, A Runners by 2% (the percentage for all sires from all runners counted by APEX). In APEX ratings one huge earner can't inflate a sire's index rating like it does in the average-earnings index; it's just another A Runner. Over horses' careers, about 4% of named foals become A Runners in one or more seasons – about the same percentage of Group/Graded plus Listed winners.

There are two other key differences from a cumulative average-earnings index. First, we limit the data to the previous seven seasons (for the 2026 ratings: 2019-2025), which identifies sires who might have once been great but have fallen off. Second, we do not count all runners by all sires in our calculations. That method seems logical but in fact, when applied commercially, it tends to inflate

sires' ratings within the commercial population. We exclude all sires which average fewer than 10 foals/crop as having no impact in the thoroughbred commercial world. This eliminates about a third of sires and 20% of foals but results in index figures which have a more accurate commercial application than the 'purer' all sires/all runners method. Our method is absolutely just as logically sound – and much more accurate when applied commercially. We also do not assign APEX ratings until sires have 3yo's; the numbers for freshman sires just prove to be too dodgy.

One thing APEX ratings have in common with average-earnings indexes is they are calculated for one runner every year/season it races, up to seven in APEX. So a horse who races in two different years is two Runners, etc., and the same for A, B, and C Runners; Winx, for example counted as six A Runners for Street Cry, because she reached the respective A Runner earnings thresholds in six separate seasons. There are a total of 17 different APEX ratings: A, B, and C Runners in each of three Northern Hemisphere Regions (North America, Europe, Japan), so that's nine indexes; A, B, C, and ABC runners in the three regions combined, which is four more indexes; and 'age indexes' for ABC Runners as 2yo's, 3yo's, 4yo's and 5yo's and up. This enables us to chart sires' typical progression at different ages: Sea The Stars, for example, has ABC Age Ratings of: 2yo-0.75; 3yo-1.67; 4yo-2.04; 5yo+ 2.28 (so better later). So you know when you breed to or buy one by Sea The Stars it is less likely to be a smart 2yo compared to, say, Wootton Bassett (2.98 2yo ABC Index), No Nay Never (2.78), or Mehmas (2.47).

SECTION 1: APEX NORTHERN HEMISPHERE YEAR-END 2025

GALILEO TOPS APEX SIRE LIST FOR 9TH AND FINAL TIME

Gone but not forgotten: Galileo goes out a winner 5.71 A / 2.54 ABC Runner Index. Photo Coolmore

One of the APEX parameters is that sires must have 10+ 3yo's in the last season covered by the data to be assigned APEX ratings, so as his last 12 foals were 3yo's of 2025 this will be Galileo's final appearance on the APEX tables, meaning Dubawi will finally achieve the #1 ranking in the Midyear 2026 tables. **Galileo** leaves with a 5.71 A Runner Index (11.42% of 2019-2025 year-starters) making him the leading North American and European APEX sire for the ninth, and final, time. **Dubawi** (5.29) and **Frankel** (4.50) finish 2-3 for the fifth year in a row. F2019 **Gun Runner** (4.41) succeeded War Front as the #1 North American APEX sire by securing 4th spot with his first 3yo's at the end of 2022 and is again #4, with F2018 **Not This Time** (3.89) jumping to #5 after a banner year which saw him win two Leading Sire titles in North America – Leading Sire of 2yo's and Leading Turf Sire. Nine other sires score 3.00+ A Runner Indexes (6.00%+ A Runners/Year-Starters): **Wootton Bassett** (3.66), F2020 **Justify** (3.43), **Curlin** (3.38), F2019 **Zarak** (3.35), **Sea The Stars** (3.32), F2020 **Oscar Performance** (3.28), F2022 **Vekoma** (3.24), **Adlerflug** (3.21), and **Into Mischief** (3.08), now Leading Sire for seven consecutive years but with over 3,000 year-starters since 2019 (over 400 runners a year) his indexes are naturally suppressed to some degree.

Into Mischief (185) is however the leading sire by number of A Runners, topping even Dubawi (173), Frankel (156), and Galileo (149). **Lope de Vega** (116), **Curlin** (115), **Sea The Stars** (109), **Uncle Mo** (106), and **Wootton Bassett** (102) also had 100+ A Runners in the seven seasons 2019-2025. Into Mischief (545) is way ahead by number of ABC Runners – nearly half again as many as Dubawi (370) in second – which, as we said last year, is a big contributing factor to his having been Leading Sire in North America the last seven years: he's had 360 B Runners (earners of \$132,092+ in North America in 2025) and C Runners (\$89,280+) to go with his 185 A Runners. Frankel (357), **Lope de Vega** (335), **Curlin** (301), **Uncle Mo** (295), **Kingman** (280), **Dark Angel** (271), **Galileo** (265), **Munnings** (262), and **Sea The Stars** (253) also all had 250+ ABC Runners.

Dubawi (2.83) is however the leading APEX sire by ABC Runner Index. A 2.83 index (multiplied by 8%) means 22.64% of his year-starters since 2019 have become ABC Runners; the 8% of starters who become ABC Runners at least pay their way plus. Only four sires have 2.50+ ABC indexes (20.00%+ of year-starters), and 12 have 2.00+ indexes (16.00%+). The top five by ABC Index are the same top five as by A Runner Index but in slightly different order: **Gun Runner** (2.59) is #2 on this list, followed by **Frankel** (2.57), **Galileo** (2.54), and **Not This Time** (2.36). Also at 2.00+ by ABC Runner Index: **Into Mischief** (2.27); top 2025 second-crop sire **Vekoma** (2.23), who has 44 ABC runners already; **Curlin** (2.21); **Zarak** (2.17); **Night of Thunder** (2.10); **Justify** (2.08); and **Oscar Performance** (2.00).

There are also tables in this issue for sires with 3+ A Runners in the last six sire crops (F2017-F2022) with APEX ratings as this gives us the opportunity to assess sires within the context of their contemporaries with exactly the same number of crops to race as well as to compare their ratings among the 558 North American and European sires assigned APEX ratings this year. Especially when looking at their raw numbers of A Runners and ABC Runners it's worth bearing in mind that only the F2017 sires have had runners for the full seven years covered by the ratings. F2018 sires have had six years of runners, F2019 sires five F2020 sires four, F2021 sires three, and F2022 sires two.

Japan: 116 sires received APEX ratings in Japan. Sunday Silence and Deep Impact consistently rated above 4.00 by A Runner Index but there are no dominant sires like that these days. Deep Impact's son **Kizuna** (2.84) and Equinox's sire **Kitsan Black** (2.75), by Deep Impact's full brother Black Tide, rank one-two in Japan, with King Kamehameha's best son, **Lord Kanaloa** (2.46), who has been the #2 sire in Japan by progeny earnings for the last six years consecutively, third, and one of Shadai's American imports, 2016 G1 Breeders' Cup Sprint winner **Drefong** (2.13), by Gio Pointi, fourth on the Japanese list. Kizuna has led the progeny earnings list the last two years. The top four sires are all Shadai stallions as are the four youngest sires to rank in the top 15: F2021 **Suave Richard** (1.96, by Heart's Cry, by Sunday Silence); and F2022 **Nadal** (2.15), by Blame, unbeaten in four starts including the G2 San Vicente and Rebel and G1 Arkansas Derby before injury intervened; **Admire Mars** (1.74), by Daiwa Major, by Sunday Silence; and **Saturnalia** (1.59), by Lord Kanaloa. The Breeders Stallions Station stands F2020 **Real Steel** (1.89), by Deep Impact, sire of Forever Young in his second crop.

SECTION 2: SOUTHERN HEMISPHERE MID-SEASON 25/26 APEX RATINGS

NON-DOMS BIG IN AUSTRALASIA, FORTIFY STILL TOPS IN SOUTH AMERICA

Little-Known Legislate Top by A Runner Index in South Africa

AUSTRALASIA

It's always tricky to evaluate sires in Australasia and South America due to the influence of shuttlers and the third Southern Hemisphere region we cover, South Africa, is only just emerging from isolation and is relatively small in any case – although, when we look at South America, Argentina is the size of the other four countries combined.

Our mid-season Southern Hemisphere APEX figures, with racing through January 8, 2026 provided by the U.S. Jockey Club's Information Services (TJCIS), covers 471 sires with 10+ 3yo's of the 2025/2026 season (foals of 2022) in eight countries compiled in three regions: Australasia (Australia and New Zealand), South America (Argentina, Brazil, Chile, Peru, Uruguay), and South Africa.

*Extreme Choice, 3.34 A / 1.89 ABC Index
Photo Newgate*

Of the nine Australasian sires (abbreviated ANZ) with A Runner indexes of 3.00+, only F2018 **Extreme Choice** (#5, 3.34) is an active sire who has always been based in Australia and he suffers from well-documented fertility problems. **Wootton Bassett** (5.32), #1 ranked ANZ sire by A Runner Index, shuttled to Australia after Coolmore bought him in 2021 so his first Australian-born crop are now 3yo's but his ratings include horses from his Northern crops who raced down there previously, and Wootton Bassett died in Australia in September, 2025. #2 **Frankel** (5.12) never shuttled to Australia but has had plenty of imports plus Australian-bred foals out of mares covered in Newmarket to Southern time. **Fastnet Rock** (3.40) was Australian-bred and even reverse-shuttled to Ireland for a few years but he has also now died. **Justify** (3.36) covered four seasons in Australia (he missed 2022) but his last Australian-sired crop are foals of 2024 – this year's yearlings – though he does cover Southern time in Kentucky. **Too Darn Hot** (3.23) stood four seasons in Australia for A\$44,000 – last of those four this year's yearlings – missed

2024 and returned for 2025 for A\$275,000. He's sure a big hit down there, too. **Satono Aladdin** (3.21), New Zealand's Deep Impact, originally shuttled from Japan but as he has an 0.31 A Runner Index in Japan he is surely a permanent resident at Rich Hill Stud by now. Four-time Leading Sire **Snitzel** (3.20), who is making a convincing bid for a fifth championship, died in June last year. And **Lope de Vega** (3.16) once shuttled but like Frankel and Justify now covers southern time.

*Castelveccio, 2.76 A / 1.46 ABC Index
Photo Arrowfield*

Continuing on, Darley's **Harry Angel** (2.96) is doing much better in Australia than in Europe, where he has an 0.83 A Index. Ten-time NZ Champion Sire **Savabeel** (2.78) is about to turn 25yo. Besides Extreme Choice the two highest-rated homegrown ANZ sires are the two F2021 sons of Arrowfield Stud's **Dundeel** (1.69), **Castelveccio** (2.76), who stands alongside his sire at Arrowfield, and **Super Seth** (2.75), who stands alongside Savabeel at Waikato Stud in New Zealand. The former shuttler **Almanzor** (2.46), another who's doing better down south than up north, is now permanently housed at Cambridge Stud in NZ, where Sir Tristram once stood. His 1872m average winning distance marks him as another in the long line of really good staying sires to stand in New Zealand.

Snitzel (137) leads I Am Invincible (126) as the leading sire of A Runners since the beginning of the 2019/20 season, with **Zoustar** (107, 2.41 A Index) third ahead of Savabeel (102). **So You Think** (89), **Written Tycoon** (86), and Fastnet Rock (83) also have 80+ A Runners. Frankel (2.97) is the leading sire by ABC Index – that's nearly 24% of his runners – followed by Too Darn Hot (2.61) and Wootton Bassett (2.48). The top sire in Western Australia, **Playing God** (2.29) comes next, with Harry Angel (2.11) and Snitzel (2.10) also above 2.00, and I Am Invincible (1.95) close behind. I Am Invincible (392) leads six veteran sires with 250+ ABC Runners over the last 6 ½ seasons, followed by Snitzel (359), Zoustar (319), So You Think (278), Written Tycoon (265), and Savabeel (252). So You Think is the only one of these six who has not been Champion Sire and he was runner-up to I Am Invincible twice.

SOUTH AMERICA

*Fortify, 3.34 A / 2.11 ABC Index
Photo Haras Vacacion*

There are 216 sires in South America who qualified for Mid-Season 2025/26 APEX Ratings, and over half of them (113) stand or stood in Argentina. There are eleven we're not sure where they stand ; of the remaining 97 we can identify, 24 are or were in Brazil, 23 in Chile, seven in Peru, and 38 in Uruguay. **Fortify**, a son of Distorted Humor who stands at Haras Vacacion in Argentina, is the Leading Sire in South America. He's the top sire by A Runner Index (3.34), number of 2019/20-2025/26 A Runners (85; **Il Campione** is a distant second, with 59) and ABC Runners (215, **Il Campione** 191) and is third to **Il Campione** (2.43) and **Mendelssohn** (2.21, now a permanent resident of Chile) by ABC Runner Index (2.11). Besides being #1 by ABC Index and #2 by number of A Runners and ABC Runners, **Il Campione**, a son of Scat Daddy, has a 3.00 A Index (#6). He's the #2 sire in South America. Scat Daddy, remember, rose to prominence by breaking every sire record in Chile and is also the sire of Mendelssohn, who from two Chilean crops foaled in 2021 and 2022 has had 32 ABC Runners just halfway through this season. He's #4 in South America by A Index (3.13) and #2, as mentioned, by ABC Index (2.23). Another shuttler who's done well in South America is **Midshipman**, first in Chile and with his 2022 crop sired in Uruguay and which includes 10 F2022 ABC Runners this season including two GSW. He ranks #3 by A Index (3.18) and #4 by ABC Index (1.95) and has 42 A Runners and 103 ABC Runners from his South American crops. Number two by A Index is the Uruguayan sire **Alcandor** (3.27), a son of the Brazilian sire Public Purse, himself a son of Private Account.

SOUTH AFRICA

*Vercingetorix, 2.96 / 1.92 ABC Index
Photo Maine Chane Farms*

The three leading sires in South Africa have been **Trippi**, **Gimmethgreenlight**, and **Vercingetorix** for the last few seasons and they are three of the six top sires by A Runner Index. Vercingetorix and Gimmethgreenlight have been trading blows for a few seasons now in all the major categories. Vercingetorix is the #1 sire by number of A Runners (74) and ABC Runners (192), with Gimmethgreenlight second in both categories with 68 A Runners and 166 ABC Runners. Trippi is #2 by A Runner Index (3.39), Vercingetorix #3 (2.96), and Gimmethgreenlight #5 (2.20). Vercingetorix is also #1 by ABC Index (1.92). Number one by A Runner Index is **Legislate** (3.50), a Horse of the Year by Dynasty who happens to be bred on the same Sadler's Wells-Danehill cross you've heard of a few times. Legislate only had 37 foals in his first four crops and still only 45 between them in the two crops that are now 3yo's and 4yo's but he's clearly getting runners. Two other sires to mention are sons of Australia's Redoute's Choice: the sprinter **Rafeef** (#6, 1.97) and the miler **Buffalo Bill Cody** (#4, 2.86), who's sired two pretty salty sprinters in his first crop, now 4yo's.

SECTION 6: BILL'S TWEETS

Bill Oppenheim @billoppenheim · Jan 15

Leading sire averages 1st 3 days @mmsnippets: Extreme Choice 8/\$822,500; Snitzel 21/\$760,676; I Am Invincible 24/\$608,750; Frankel 10/\$616,500; Zoustar 14/\$493,357; Anamoe 20/\$425,500; Too Darn Hot 9/\$387,222 (stood for A\$44k). These 7 sires so far 20% of # sold, 43% of gross.

Bill Oppenheim @billoppenheim · Jan 15

After 3 of 4 days Book 1 @mmsnippets yearlings average +5% at A\$281,943, sold/cat & median steady at 75% & A\$200k with -4% fewer catalogued, gross should be right around last year's A\$207m for Book 1. Relief all round. Sire averages 1st 3 days follow.

Bill Oppenheim @billoppenheim · Jan 14

Congratulations Augusta Chapman and Stephen Dubner of @Freakonomics Radio for your Media Eclipse Award for "The Horse is Us" ep. 2. It was an honor for our own @ejplantain to have provided support in the production 🎙️🏆
