Thoroughbred Market Report

JULY 2026

Gun Runner – Leading NA Sire by A Runner Index

TABLE OF CONTENTS

SECTION 1: APEX- MID-YEAR 2026	1
TOP 50 NA-EU APEX SIRES	2
TOP NA-EU F2017-2023 APEX SIRES	16
TOP 50 JPN APEX SIRES	23
SECTION 2: FASIG-TIPTON JULY RESULTS	24
SECTION 3: 2YO IN TRAINING SALE RESULTS	27
SECTION 4: FT SARATOGA & ARQ DEAUVILLE PREVIEW	29
SECTION 5: NORTHERN HEMISPHERE SALES TICKER	33

IN THIS ISSUE

- Midyear 2026 Northern Hemisphere APEX Ratings for 618 sires, 497 in North America and Europe and 121 in Japan. Twelve NA-EU sires have 3.00+ A Runner Indexes with 200+ year-starters 2020-2026 headed by **Dubawi** (5.06), **Frankel** (4.43), and **Gun Runner** (4.32). Also tables and comments for seven NA-EU sire crops with first foals 2017-2023. **Kizuna** (3.11) and **Kitsan Black** (2.98) are the leaders with 200+ year-starters in Japan;
- Sire averages for Fasig-Tipton July yearlings and final averages for sires at the 2026 NA-EU 2yo Sales;
- Sire previews for the August Saratoga and Deauville yearling sales;
- Worldwide Sales Tickers including Fasig July Yearlings, the Japan Yearling and Foal Sale, and the NA-EU Horses of Racing Age sector at live sales in June and July.

SECTION 1 APEX MID-YEAR 2026

A SHORT EXPLANATION OF APEX SIRE RATINGS

APEX Sire Ratings were developed at Racing Update over 30 years ago and are essentially a better average-earnings index. APEX by the way stands for Annual Progeny Earnings Index. One key difference is this: the average-earnings index divides all earnings by a sire by the number of his runners in a year (or season, in the Southern Hemisphere) and divides the sire's average earnings by the average earnings for all sires in that jurisdiction in that year; if the average earnings for all runners is say \$15,000 and the average earnings per runner for the sire you're querying is \$15,000, his average-earnings index for that year is 1.00.

APEX establishes three class levels: A Runners (the top 2% of earners/runners); B Runners (the next 2%); C Runners (the next 4%); and therefore ABC Runners (the top 8%), then measures the frequency with which a sire gets runners in each of these categories and divides the sire's percentage of, for example, A Runners by 2% (the percentage for all sires from all runners counted by APEX). In APEX ratings one huge earner can't inflate a sire's index rating like it does in the average-earnings index; it's just another A Runner. Over horses' careers, about 4% of named foals become A Runners in one or more seasons – about the same percentage of Group/Graded plus Listed winners.

There are two other key differences from a cumulative average-earnings index. First, we limit the data to the previous seven seasons (for the Midyear 2026 ratings: 2020-2026), which identifies sires who might have once been great but have fallen off. Second, we do not count all runners by all sires in our calculations. That method seems logical but in fact, when applied commercially, it tends to inflate sires' ratings within the commercial population. We exclude all sires which average fewer than 10 foals/crop as having no impact in the thoroughbred commercial world. This eliminates about a third of sires and 20% of foals but results in index figures which have a more accurate commercial application than the 'purer' all sires/all runners method. Our method is absolutely just as logically sound – and much more accurate when applied commercially. We also do not assign APEX ratings until sires have 3yo's; the numbers for freshman sires just prove to be too dodgy.

One thing APEX ratings have in common with average-earnings indexes is they are calculated for one runner every year/season it races, up to seven in APEX. So a

horse who races in two different years is two Runners, etc., and the same for A, B, and C Runners; Winx, for example counted as six A Runners for Street Cry, because she reached the respective A Runner earnings thresholds in six separate seasons. There are a total of 17 different APEX ratings: A, B, and C Runners in each of three Northern Hemisphere Regions (North America, Europe, Japan), so that's nine indexes; A, B, C, and ABC runners in the three regions combined, which is four more indexes; and 'age indexes' for ABC Runners as 2yo's, 3yo's, 4yo's and 5yo's and up. This enables us to chart sires' typical progression at different ages: Sea The Stars, for example, has ABC Age Ratings of: 2yo-0.81; 3yo-1.69; 4yo-1.99; 5yo+ 2.51 (so better later, they keep improving). So you know when you breed to or buy one by Sea The Stars it is less likely to be a smart 2yo compared to, say, Wootton Bassett (3.00 2yo ABC Index), No Nay Never (2.79), or Mehmas (2.37).

FEBRUARY 24, 1995

SADLER'S WELLS TOPS APEX A RUNNER INDEX RATINGS 1988-94

Sadler's Wells, the last great sire son of the incomparable Northern Dancer, became the first European-based sire to lead all sires in Racing Update's exclusive APEX ratings in the category of A Runner Index. Standing in Ireland, the pride of the far-flung Coolmore Stud stallion empire had 17 A Runners in 1994, including Breeders' Cup Mile winner Baratheas, Arc winner Carnegie, and multiple Classic-placed King's Theatre. This takes his seven-year (and in his case, career) total to 78 A Runners, just under 13% of his 601 1988-94 year-starters, and yields an A Runner Index of 6.49, taking him to the top of the table in this all-important APEX category. He is one of just eight stallions who, for the last seven years, have had more than 10% A Runners to year-starters. But more on that later. Before detailing the top sires in these and other categories, let's briefly review the concepts and mechanics behind APEX ratings.

1. Calculating the Ratings

We first devised our exclusive APEX (Annual Progeny Earnings Index) ratings in an attempt to compensate for the lopsided figures that sometimes appeared in the cumulative average-earnings index when a sire would have one very good horse and a lot of nonentities. At the time, it was Buckaroo who became our test case, when Spend a Buck, from his second crop, won that big bonus by winning three stakes at Garden State and the 1985 Kentucky Derby. Buckaroo then had a cumulative average-earnings index of about 8-point something, and rated in the Top Ten sires by that generally accepted standard of sire success.

We knew, and everyone else knew, too, that Buckaroo wasn't a Top Ten sire—though in his defense, he's turned out to be a rather better above-average sire than we thought at the time. Still, we felt some new rating method needed to be developed which presented a more accurate portrait of sire success or failure.

Thus were born the APEX ratings, which were later refined and improved with the help of Hank Zeitlin, then Vice-President of The Jockey Club's information-providing subsidiary, TICIS. In its refined version, APEX ratings measure the frequency of sire success at three key levels: what we call A Runners, B Runners, and C Runners.

Put in the simplest possible terms, A Runners constitute the top 2% of earners in a given racing jurisdiction in a calendar year, B Runners the next 2%, and C Runners the next 4%; so a horse which is an A, B, or C Runner is in the top 8% of earners in a year. The ratings are calculated in three geographical areas: North America (US and Canada); England/Ireland; and France. This, of course, is because earnings figures for these three jurisdictions are collected in three different currencies.

Any statistic (such as the average-earnings index) which depends on earnings is by necessity tied to being computed on a calendar-year basis. And, like the cumulative average-earnings index, APEX ratings count a horse as a 'runner' each year it races. A horse who rates among the top 2% of earners in four consecutive years is therefore counted as four A Runners. This is perhaps not ideal, but it's the only way, practically.

The more things change, the more they stay the same. February 1995 Racing Update headline with Galileo's sire leading the charts: "Sadler's Wells Tops APEX A Runner Index Ratings"

MIDYEAR 2026 APEX: DUBAWI, FRANKEL, GUN RUNNER MOVE INTO TOP 3 SPOTS

F2022 Sires Tiz The Law, Vekoma Post Big Early Numbers

Dubawi (Darley) tops the charts by A Runner Index

Nine-time Leading APEX sire by A Runner Index Galileo's last small crop were 3yo's of 2025 and as one of the criteria is that sires must have 10+ 3yo's of the current year he is no longer assigned APEX ratings. This paves the way for his perennial number two, **Dubawi** (5.05) to ascend to the top spot among 338 North American and European sires with 200+ year-starters by A Runner Index, covering racing 2020 – July 5, 2026. As a 1.00 A Runner Index equals 2% A Runners/year-starters Dubawi's 5.05 index translates to 10.10% A Runners/year-starters. He actually has the same number of A Runners (155) as the new number two, **Frankel** (4.43) but has a higher index by virtue of having had fewer year-starters (see the APEX Explanation page for the definition of 'year-starters' – a horse is counted as one year-starter each year it starts, up to seven). The top American sire, and number three overall, is F2019 **Gun Runner** (4.32). From early returns Ashford's F2022 **Tiz The Law** (4.18) and Spendthrift's **Vekoma** (2.82) rank among the top 15, Tiz The Law at #4 and Vekoma #14 by this metric. The top ten is rounded out by **Not This Time** (3.79), **Wootton Bassett** (3.60), **Sea The Stars** (3.46), F2020 **Justify** (3.41), the two great F2010 sires, **Curlin** (3.40) and **Into Mischief** (3.21). F2017 **Night of Thunder** (3.05), Europe's top sire thus far in 2026, and F2019 **Zarak** (3.00) make it 12 sires with A Runner Indexes of 3.00+. F2020 **Oscar Performance** (2.97) and **Vekoma** (2.82) come next.

The same three sires – Dubawi (2.77), Frankel (2.58), and Gun Runner (2.54), who are the top three by A Runner Index, are also the top three by ABC Runner Index. ABC Runners are the top 8% of year-starters, meaning, from the beginning of 2020, 22.16% of Dubawi's starters are top 8% earners; 20.64% of Frankel's runners; and 20.32% of Gun Runner's become ABC Runners. In 2025, C Runners in North America earned \$89,230+; B Runners earned \$132,092+; and A Runners earned

\$193,320. At our July Midyear cutoff point, horses who earned \$60,000+ count as C Runners so far in 2026.

In fact the same 12 sires who are the top sires by A Runner Index are the same top 12 sires by ABC Index, though the order is scrambled; this indicates the top 3.5% of sires (12/338) are consistently siring useful runners-plus to go with their stars. The world record best indicator of this is seven-time Leading Sire Into Mischief. He's had 2,930 year-starters since the beginning of 2020, which is 418 runners a season (450 if you figure 2026 as half a season) and over 1,000 more year-starters than Frankel (1,751) and Dubawi (1,532). But he's also the leading sire by number of 2020-2026 A Runners, with 188 (Dubawi and Frankel tied for second with 155) and the leading sire by ABC Runners, with 524 – his closest pursuers in that category being Frankel (362), Dubawi (339), and Lope de Vega (337). The reason Into Mischief has been seven times Champion Sire is because he's getting an average of 27 A Runners and 75 ABC Runners every year.

Into Mischief (Spendthrift) leads by number of A Runners

Ten sires have 100+ A Runners in the last six and a half seasons. Besides Into Mischief, Dubawi, and Frankel, they are Europeans **Lope de Vega** (120), **Sea The Stars** (112), **Wootton Bassett** (110), and **Kingman** (102), and Americans **Curlin** (108), **Gun Runner** (101), and **Uncle Mo** (101). Not This Time, who is launching a serious challenge to Into Mischief for Champion Sire honors, has 94 but only now is having his first runners from crops sired at six-figure stud fees. Among the 13 sires with 250+ ABC Runners we again see Kingman (290), Curlin (289), Uncle Mo (275), and Sea The Stars (256), plus **Munnings** (273), **Dark Angel** (257), and **Constitution** (253). Gun Runner (238) and Not This Time (232) are knocking at that door too.

All these metrics make a couple of things crystal clear: that Europe has dominated the corps of super-elite sires with Galileo and the-now 24yo Dubawi and Frankel; and that America's top three sires are Into Mischief, F2018 Not This Time, and F2019 Gun Runner. Right now those are the top five sires in

Europe and North America. In Europe F2017 Night of Thunder has been steadily rising to the top and now looks likely to succeed his sire Dubawi; and in America the leading F2020 sire, **Justify**, received a monumental boost in mare quality after his second crop of 2-year-olds included four 2yo G1 winners and made him Leading Sire of 2-Year-Olds in North America in 2023. Those were matings of 2024, foals of 2025, and are yearlings of 2026.

SIRE CROPS F2017-F2023

For over 45 years our mission has been to provide information to breeders and buyers which is grounded in rigorous academic accuracy but also practically applicable in the breeding and sales arenas; the APEX method of rating stallions itself grew out of those imperatives. Another analytic method we've employed is to group sires by age of oldest foals so that we could analyze sire performance not simply against all sires regardless of when they'd gone to stud but also against their contemporaries who had the same opportunities in terms of time: they went to stud the same year, they had their first foals the next year, and thus could be compared to a smaller group of sires who started at the same time. Here we look at the data for the seven most recent crops assigned APEX ratings, a total of 350 North American and European sires who had their first foals 2017-2023.

Night of Thunder (Darley) tops all NA-EU sires with first foals 2017 by A Runner and ABC Runner Index

First Foals 2017:

When we assigned APEX ratings to F2017 North American and European sires at the end of 2021, after they'd had their first 4yo's race, there were 83 F2017 sires in the list. Now, four and a half years later, only 31 still qualified for the ratings, meaning they had 10+ 3-year-olds of 2023 in North America, Europe, or Japan. Our benchmark for 'useful' sires is a 1.50 A Runner Index; nine F2017 sires still achieve this benchmark, but the two highest-rated, and most successful (and the only two at six-figure stud fees) are **Night of Thunder** (3.05) in Europe and **Constitution** (2.45) in America. With five G1 winners in 2026, including 5yo

Ombudsman and 3yo Bow Echo, Night of Thunder is currently Europe's leading sire of 2026 by progeny earnings and understanding that Darley/Godolphin is now supporting him with their very best mares, his momentum continues to build. If he's not one of Europe's top five sires already he will be by the day after tomorrow. Constitution, another successful sire to have won the G1 Florida Derby (the only race in North America which has valid claims to be a 'sire-making' race), has been in the top six on the North American General Sire List each of the last three years. He's sired 500 winners including more than 125 black-type horses.

Constitution (Winstar) leads stallions with first foals 2017 by number of A Runners and ABC Runners

American Pharoah (2.04) is due to stand his second season in Japan in 2027 but his record from his North American crops needs no apologies. He ranks second to Constitution (253) with 222 ABC Runners and third behind Night of Thunder and Constitution in A Runner Index (tied), number of A Runners (70) and ABC Runner Index (1.61). Two sons of Galileo come next: **Gleneagles** (2.04) ties American Pharoah by A Runner Index, is after all the sire of the 2025 champion racehorse Calandagan and has been great value at €20,000 at Coolmore the last two years; and **Galiway** (1.82), a second successful sire developed by France's Haras de Colleville after the even more improbable Kendargent fifteen years ago. Also at 1.50+ among F2017 sires: the perennially underrated turf sire **Karakontie** (1.78); Not This Time's half-brother **Liam's Map** (1.66), sire of this year's G1 Preakness winner Napoleon Solo; former champion sprinter **Muhaarar** (1.66), now revitalized in France; and the true dual-purpose sire **Golden Horn** (1.64), who persists in producing good flat stayers though he is now a sought-after sire for jumps breeders as well.

First Foals 2018:

There are four really good sires in this group, **Not This Time** (3.79) and **Nyquist** (2.42) in America, and **New Bay** (2.21) and **Mehmas** (1.59) in Europe. Not This Time of course narrowly edged out Into Mischief as 2025's Leading Sire of 2-year-olds in North America, was also Leading Turf Sire, and runner-up to Into Mischief on the General Sire List. This year he is really giving the seven-time Champion Sire a run for his money, compliments mainly of Magnitude, and currently leads Into Mischief by about \$1.75 million on the General Sire List. Nyquist was from Uncle Mo's first crop and became only the second horse, after Street Sense, to win the G1 Breeders' Cup Juvenile and the following year's G1 Kentucky Derby. He is currently #4 on the General Sire List and now has 11 G1 winners in his first six crops (Not This Time has 13). With his first crop after his first 2yo runners had been so successful in 2020, Mehmas broke the world record for 2yo winners in a season (71) in 2024 (matings of 2021, foals of 2022) and is now well established as a top sire of 2yo's and sprinter-milers. New Bay took a little bit longer to show his hand – his first €75,000 crop are 2yo's this year – and on the whole they definitely stay well (two 14-furlong Royal Ascot winners this year) and improve with age (3.03 ABC Index for 5yo's+), so he doesn't maybe have the 'ideal' commercial profile, but he's without question a very good sire too.

Not This Time (Taylor Made) leads F2018 stallions by A / ABC Index and number of A/ABC Runners

Four other F2018 sires have A Runner Indexes of 1.50+. **Slumber** (3.49), who was by Cacique, a fertility-challenged full brother to Dansili, raced until he was an 8yo, winning the G1 Manhattan S. and placing in three other G1's. He's primarily a private stallion in New York for one of Sol Kumin's entities and has just two individual A Runners but one of them, the 2018f Fluffy Socks, won two G2's and placed in 3 G1's and achieved A Runner earnings in five consecutive seasons 2020-2024. Also at 1.50+: **Firing Line** (1.80), second to American Pharoah in the 2015 G1 Kentucky Derby but exported to the Philippines in 2024 as he was by Line of

David, an obscure son of Lion Heart (by Tale of the Cat and sire of Kantharos before his export to Turkey); **Protectionist** (1.58), winner of the 2014 G1 Melbourne Cup and returned to stand in his native Germany but died in 2023; and **Awtaad** (1.55), the 2016 G1 Irish 2000 Guineas winner by Cape Cross for Shadwell. He is the sire of the 2024 G1 British Champion S. winner Anmaat as a 6yo and the 2025 G1 Breeders' Cup Turf winner Ethical Diamond as a 5yo. He can certainly get a good horse, but you have to wait (5yo+ ABC Index: 2.85).

Zarak (Aga Khan) leading EU F2019 sire

First Foals 2019:

Gun Runner (4.32) got off to the fastest start at stud of any sire this century, including Galileo and Frankel, and his 10 G1 winners by the end of the year his first 5yo's raced (2024) is still the highest we've yet recorded. He's now up to 14 G1 winners and is the leading North American sire by A Runner Index. He was #6 on the NA General Sire List in 2022 with just his first 3yo's and has been 3rd, 2nd, 3rd, and now 3rd again thus far in 2026. There's no doubt Into Mischief (now 21yo), Not This Time, and Gun Runner are the three best sires in America; surprisingly, thus far Gun Runner has been almost exclusively a dirt sire. **Zarak** (3.00) was a 12-furlong G1 winner as a 4yo, which is very much not the profile of a future successful flat sire but he's by Dubawi out of the unbeaten 'Arc' winner Zarkava and he's evidently transmitting her class and is another really successful sire son of Dubawi. Only two other F2019 sires have A Runner Indexes of 1.50+: **Caravaggio** (2.15), by another top sire of sires in Scat Daddy and winner of the 2017 G1 Commonwealth Cup over Harry Angel and Blue Point in what was surely one of the best editions of that race yet. Coolmore stood him in Ireland and then Kentucky but ended up selling him to Japan; his final American crop are now 2yo's. **Practical Joke** (1.82) won the 2016 G1 Hopeful and Champagne and the G1 Woody Stephens as a 3yo and is the best sire son thus far of Into Mischief; he's currently #7 on the NA General Sire List and is the leading sire of winners

(138) so far this year in North America. He's primarily dirt also.

First Foals 2020:

This is a very deep sire crop with currently 12 sires with A Runner Indexes of 1.50+ of which nine are in the US and three in Europe, but the 2018 Triple Crown winner **Justify** (3.41) is the undisputed number one among this group in all four major APEX categories with 60 A Runners, 149 ABC Runners and also tops the group by both A Runner and ABC Runner Index (2.11). He's the sire of 10 G1 winners so far, including the winners of all three English colt Classics as well as having sired four 2yo G1 winners in his second crop which made him North America's Leading Sire of 2yo's in 2023; he has a very exciting sire prospect at Coolmore in Ireland in City of Troy, who won the G1 Dewhurst as a 2yo and the G1 Epsom Derby, Eclipse, and Juddmonte International as a 3yo in 2024. Justify has always been bred to good mares but in 2024 Coolmore started sending him more of their best mares, many of them top-class racemares or producers by Galileo, so beginning with this year's yearlings you can expect to see some really mouthwatering pedigrees out there by Justify.

Justify (Coolmore) leads F2020 stallions by A / ABC Index and number of A/ABC Runners

Kitten's Joy's best racing son in America was **Oscar Performance**, who was a G1 winner on the turf at two, three, and four, and ran a mile at Belmont Park (in the G3 Poker) in 1:31:1/5. He's doing really well as a sire, too, ranking second among F2020 sires with a 2.97 A Runner Index. The top European sire is **Havana Grey** (2.10), who is second in the group by number of A Runners (33) and ABC Runners (118) as well as by ABC Runner Index (1.88). He's another who has received a massive upgrade in mare quality beginning with this crop of yearlings though he was starting from a far lower level than Justify, in fact our sister publication Stallion Spectator Ratings rated Havana Grey as the number one sire in North America and Europe at the end of 2025 for moving mares up. Also with 1.50 A Indexes, in the US: a not very well known but pretty effective Calumet son of Malibu Moon, **Ransom the Moon** (1.97); Florida transplant

Girvin (1.93), who has made a bright start with his first Kentucky-sired 2yo's since his transfer to Airdrie Stud and at this writing ranks number three on the North American 2yo Sire List; and **Good Magic** (1.76), sire of Mage, Dornoch, Muth, and Blazing Sevens in his first two crops – all now at stud at major Kentucky farms. His next two crops haven't produced any headlines but he has more foals out of better mares beginning with this year's 2yo's and has stood the last three seasons for \$125,000. Also: **City of Light** (1.72); **Collected** (1.61), who was moved to California in 2026 in a bid to help revive the breeding industry there; 2022 Leading Freshman Sire **Bolt d'Oro** (1.56); and **Army Mule** (1.50), another overachiever who is now seeing a significant bump in mare numbers and quality. And in Europe there are also **Sioux Nation** (1.80), another massive overachiever by Scat Daddy; and **Saxon Warrior** (1.50), who went cold after a good start but is another starting to revive.

First Foals 2021:

Four sires with 200+ year-starters dominate the conversation. The group number one is **Omaha Beach** (2.72), a rare dirt horse by War Front and his best sire son. Trained by Richard Mandella, Omaha Beach won the G1 9-furlong Arkansas Derby in the spring of his 3yo year, had to miss the Classics but returned in the autumn to win the G1 Santa Anita Sprint Championship at 6 furlongs and the G1 Malibu at seven. He's the group leader in all four categories, with 37 A Runners, 102 ABC Runners, and a 1.88 ABC Index.

Omaha Beach (Spendthrift) leads F2021 stallions by A / ABC Index and number of A/ABC Runners

Three European F2021 sires also figure in the conversation: Darley's well-respected pair of **Blue Point** (2.11), who is second in the group in A Runners (31) and ABC Runners (82) and got his fourth G1 winner when his 4f Blue Bolt defeated top 3f Precise in the G1 Falmouth S. at Newmarket; and **Too Darn Hot** (1.97), who got his fifth

Northern Hemisphere-sired G1 winner when the 3yo Title Role won an unusually hot edition of the G1 Belmont Derby over the good American turf 3yo's West End Kid and Remember Mamba. But the big overachiever of the group is the 2018 G1 French Derby (the only European race which can legitimately claim to be a sire-producing race) winner **Study of Man**, whose 2.39 A Index and 1.75 ABC Index rate second behind Omaha Beach and tops among the European F2021 sires. By Deep Impact out of a Storm Cat half-sister to Kingmambo out of Miesque, and with the considerable help of Kirsten Rausing's broodmare band, Study of Man has sustained his very promising numbers (age ratings: 1.50-1.52-2.26-2.07 for 2-3-4 & 5yo's) with smaller foal crops but for the last two years has covered full books of better mares (including 'Arc' winner Alpinista). If he can step up on what he's done so far he's very much a sire to be betting on for the future.

Study of Man (Lanwades) leads EU F2021 sires by A / ABC Runner Index

Three sires with <200 year-starters have good results. Highest-rated is **Coal Front** (2.13), by Stay Thirsty, who won the G2 Amsterdam (6 1/2f) at Saratoga as a 3yo and two G3 races at six and seven furlongs. He stood four seasons at Spendthrift but small numbers (113 foals in four crops) meant he was transferred to Louisiana for the 2025 breeding season. Meanwhile his first two crops included two G2 winners (Coal Battle and Crazy Mason) and the two-time G3-winning filly of eight stakes races, Haulin Ice. Among them the three have earned over \$3.2 million. The other two sires were Airdrie Stud productions: one was **Preservationist** (2.05), a son of Arch who won the G1 Woodward as a 5yo and is the sire of Antiquarian, who won the G1 Jockey Club Gold Cup last year. Small crop numbers meant Airdrie reluctantly sold him to South Korea but he died there last year. The other is **Divisidero** (1.83), a son of Kitten's Joy who has the distinction of having won a Graded race on Kentucky Derby day for three consecutive years – the G2 American Turf as a 3yo and the G1 Turf Classic at four and five. He's another who has done well from small numbers.

Also with 1.50+ A Indexes: the Irish National Stud's **Pheonix of Spain** (1.81), whose runners look as though they're better later; and **Solomini** (1.74), a son of Curlin who is currently the Leading Sire in New York for 2026.

First Foals 2022:

We're pretty famous for saying "wait until their first 4yo's have run" before making a judgment about sires because until they have a crop of 4yo's and two crops of 3yo's running we haven't had a chance to see if sires of later-maturing horses are going to be improving; among this group a good example is France's Haras d'Etreham's **Persian King**, who was from Kingman's first crop and won the G1 French 2000 Guineas as a 3yo and the G1 Prix de Moulin as a 4yo (both at 1600m) but also ran second to Sottsass in the G1 French Derby and third to the same horse in the 2020 G1 Prix de l'Arc as a 4yo. He has only a 1.13 A Runner Index but is the #3 European third-crop sire this year with three 2026 Group winners; his age indexes are: 2yo-0.52; 3yo-1.15; 4yo-1.44, so he looks a textbook example of a sire whose runners are improving with age.

North American sires dominate this cohort. **Vekoma** (2.82) has led this group by progeny earnings from Day One and leads again this year, with 10 Black-Type Winners (BTW) this year, of which five have won Graded Races (GSW). Cumulatively he has 24 BTW, 47 Black-Type Horses (BTH) of which 12 are GSW and 17 are Graded Stakes Horses (GSH). Oddly, though, he has no G1 winners as yet though historical precedents suggest that really is just a matter of time. But **Tiz The Law** (4.18) is actually this group's number one sire by A Runner Index. He's second to Vekoma in progeny earnings, BTW (15), BTH (32), GSW (9), and they are tied by number of GSH (17 each). Interestingly he actually has more A Runners (28) than Vekoma (24), suggesting that his good horses are more prominent in better races; Vekoma goes back on top by ABC Runners (80) to Tiz The Law's 61, so by ABC Index Vekoma (2.35) is slightly ahead of Tiz The Law (2.28). Also notably, **McKinzie** (1.80 A Index) runs third in the group by number of A Runners (13) and ABC Runners (44) and is the only F2022 sire with more than one G1 winner; he has three.

Only three other F2022 NA-EU sires have 200+ year-starters and an A Runner Index of 1.50+ so far: Americans **Complexity** (2.31) and **Volatile** (1.85), who are just behind McKinzie with 12 A Runners each; and **Ghaiyyath** (1.95), another by Dubawi and the leading European F2022 sire by A Runner Index with 200+ year-starters. Volatile is the sire of T.O. Elvis, who absolutely scorched the field in the G1 Churchill Downs S. at 7 furlongs on Kentucky Derby day.

Tiz The Law (Coolmore) leads F2022 stallions by A Index

Plenty of sires with first 4yo's have not had as many as 200 year-starters and several of those catch the eye, particularly four in state-bred programs in the US. But there are two real F2022 eyecatchers in Europe. The first, in France, is a horse who has stood for €3,000 until now, from Kingman's second crop, called **Chachnak** (2.78). He won two G3's in France at 1800m-2000m as a 3yo but from small numbers (72 year-starters) he has three individual A Runners, including the 4yo colt Stolen Kiss, who beat Sajir twice in Listed races in France this year and came out fourth in a four-horse photo in the G1 QE2 Jubilee S. (6f) at Royal Ascot; and the 3yo filly Pink Panthera, who gave Diamond Necklace a scare at 34-1 in the G1 Prix de Diane (French Oaks). Chachnak's form is backed up by his 2.26 ABC Index as well and I'm assured by those who know the book of mares he covered this year is probably more than his previous five books combined. The other Euro who merits a mention is **Sands of Mali** (1.74), a good sprinter by the obscure French son of Miswaki, Panis. Sands of Mali won the G1 British Champions Sprint as a 3yo, defeating Harry Angel, and was second in the G1 Commonwealth Cup. He's the sire of Time For Sandals, who beat colts in the G1 Commonwealth Cup last year, and Ain't Nobody, second in the G1 Nunthorpe in 2025. The subject of a bitter ownership dispute during his time at Ballyhane Stud in Ireland, he was sold to Yeomanstown Stud and stood there this season for €22,500. You'll hear plenty more from him.

Five American sires with <200 year-starters also have 1.50+ A Indexes. The outlier, in that he doesn't stand in Louisiana or New York, is the 2019 G1 Kentucky Derby winner (via the disqualification of Maximum Security) **Country House** (1.82), by Lookin At Lucky and who stands at Darby Dan in Kentucky for \$5,000; he had two 3yo A Runners last year from now just 55 year-starters.

Louisiana has had a sudden rush to the head of sire power. As mentioned earlier Coal Front now stands there, and two F2022 sires who started there have jumped up with national standard horses. **Aurelius Maximus** (3.07) is a well-bred horse by Pioneer of The Nile who ran second in the G2 Fayette S. and had five BTW last year and four so far this year; if he gets any hotter they're going to have to move him to Kentucky. And **Bobby's Wicked One** (2.88), winner of the G3 Commonwealth S. at Keeneland and second to Mitole in the G1 Churchill Downs S. as a 4yo, from fewer runners, is the sire of last year's G2 Amsterdam S. winner Smoken Wicked at Saratoga. Speaking of New York, two horses doing well in that generous state-bred program are the beautifully bred Juddmonte production **Honest Mischief** (2.08) and Uncle Mo's son **King For A Day** (1.65).

Yaupon (Spendthrift) is leading F2023 stallion by number of A/ABC Runners

First Foals 2023:

These sires' oldest runners are only halfway through their 3yo year so their relative merits are as yet subject to radical change at any moment. Of the eight sires with 1.50+ A Runner Indexes so far, seven stand or stood in North America, and six of the eight have had 130+ year-starters so far. The two small-crop sires, **Lexitonian** (2.78), who actually tops the group by A Runner Index through July 5 racing, and **Leinster** (1.96), were both useful but not outstanding sprinters: Lexitonian, by Speightstown, was a dirt horse who won the G1 AG Vanderbilt as a 5yo in 2021 while Leinster is by Majestic Warrior, a son of A.P. Indy who started at Ashford and ended up in Japan; he was more a turf sprinter and won the G3 Troy at Saratoga as a 4yo and the G2 Woodford and G2 Shakertown, and ran third to Glass Slipper in the G1 Breeders' Cup Turf Sprint, all at Keeneland, as a 5yo during the Covid year 2020. Lexitonian was bred and raced by Calumet and stands there; Leinster is part-owned by noted pinhookers

Ciaran and Amy Dunne and started off in Florida but transferred to New York for the 2026 season. Lexingtonian has four BTW and seven BTH including the G2-winning filly She Be Smooth; Leinster has three BTW and eight BTH.

With **Knicks Go** (1.71) sent to Korea for the 2026 breeding season, four North American F2023 sires share the limelight. Spendthrift's **Yaupon** (2.47) was another high-class sprinter trained by Steve Asmussen, was comfortably Leading Freshman Sire last year and is comfortably Leading Second-Crop Sire this year, especially after landing the exacta in the G3 Victory Ride at Saratoga. He now has 13 BTW, three of them G3 winners, and 22 BTH and leads the group with nine A Runners and 25 ABC runners through July 5. His sire Uncle Mo was a huge success at stud; Uncle Mo's son Nyquist is already established as a seriously good sire himself and Yaupon looks like adding to his legacy – and at this writing another son of Uncle Mo, the turf sprinter Golden Pal, is number one Freshman Sire (though still very early days in that category).

The Darley Jonabell sires **Maxfield** (2.65), winner of eight of his 11 starts and never out of the first three, and **Essential Quality** (1.82), Champion 2yo of 2020 and winner of the G1 Bemont and Travers in 2021, have always been highly touted and are both upholding the

form. Maxfield already has 17 BTH including G1W Englishman while Essential Quality has 20 ABC Runners and a healthy 1.82 ABC Index, matching his A Index. Hill 'n' Dale's **Charlatan** (1.91) went 4-for-4 as a 3yo for Bob Baffert in 2020, winning the G1 Arkansas Derby in his third start, then, after a long break, came back to win the G1 Malibu at the end of the year and travelled to Saudi Arabia, where he ran second to Mishriff in the \$20 million G1 Saudi Cup in his final start. He was absolutely dead in the water at the September Sale last year but woke up as soon as it was over and now has seven BTW including, like Yaupon, three 2026 GSW so far.

Darley Kildangan's **Space Blues** (2.19), by Dubawi and winner of the 2021 G1 Breeders' Cup Mile, is the highest-rated European F2023 sire by A Runner Index through July 5 but one week later Coolmore's **St Mark's Basilica** (1.43 through July 5) took a huge leap forward when Royal Ascot G3 Jersey winner Thesecretadversary led all the way to win the 1400m G1 Prix Jean Prat to give the sire his second G1 winner following the dual French Classic-winning filly Diamond Necklace. Tally-Ho's runaway 2025 Leading European Freshman sire **Starman** (1.46) leads European F2023 sires by number of A Runners (7) and ABC Runners (21) including 2025 G1 Prix Morny and 2026 G1 Commonwealth Cup winner Venetian Sun.

SECTION 4: FASIG-TIPTON SARATOGA & ARQANA DEAUVILLE SALE PREVIEW

Gun Runner (Three Chimneys)
19 yearlings FT Saratoga

Into Mischief (Spendthrift)
11 yearlings FT Saratoga

Not This Time (Taylor Made)
11 yearlings FT Saratoga

NORTH AMERICA'S BIG THREE AMONG TEN SIRES WITH 8+ CATALOGUED AT SARATOGA

In 2022 the Saratoga Sale grossed \$66,955,000 and averaged \$468,217. In 2023 it grossed \$75,055,000 and averaged \$487,370. In 2024 the gross was \$82,180,000 and the average \$533,506 but in 2025 the roof came off as the sale grossed \$100,715,000 and averaged \$629,489 – not just a 23% rise in gross and 18% rise in average from 2025, but a 50% rise in gross and 34% rise in average in four years. There were 25 seven-figure yearlings at Saratoga last year and after another 56 at Keeneland September it goes without saying all records for the yearling sector in North America in 2025 were shattered.

We doubt anybody's forecasting a better year in 2026 than the sector enjoyed in 2025 but as ever sire power tells the story. There are ten stallions with eight or more yearlings among the 230 catalogued for this year's Saratoga Sale, including the North America current Big Three of **Into Mischief** (11), **Not This Time** (11), and the leading sire by number catalogued at Saratoga, **Gun Runner** (19). Among more established sires there are also 13 from the last crop of **Uncle Mo**, 12 by **Practical Joke**, and eight by **Nyquist**. The highest representation from last year's loaded first-crop class is current #2 Freshman Sire **Life Is Good**, with nine; **Flightline** has six. Ten stallions are represented by 51 yearlings from their first crops this year, including Juddmonte's **Elite Power** (10), Darley's **Cody's Wish** (9), and Spendthrift's **Forte** (8). Cody's Wish and Elite Power are of course both by Curlin so could have a big say in extending his branch of the Mr. Prospector sire line.

DEAUVILLE CATALOGUE PACKED WITH TOP EUROPEAN SIRES

Though it wasn't as wild and crazy as Saratoga, Arqana's August yearling sale at Deauville posted a record average of €266,884 as 216 yearlings/307 catalogued (70.4%) grossed €57,647,000. This year 325 yearlings are catalogued to sell over the two nights and one full day of selling, and as usual the sire power extends beyond France to England and especially Ireland. There are 16 stallions with eight or more yearlings catalogued (comprising 57.4% of the catalogue), of which four stand or stood in France, three in England, and nine in Ireland.

No Dubawis in Deauville, but there are eight by **Frankel**, 21 by former French sire **Wootton Bassett**, and plenty more by most of Europe's top sires. France's **Zarak** ties Wootton Bassett with the most catalogued (21), Siyouni has 14, unbeaten Arc winner **Ace Impact** leads first-crop sires with 13, and **Galiway** has 12. From England, Frankel's barnmate **Kingman** has 10, and **Sea The Moon**, sire of this year's G1 French 2000 Guineas winner Rayif, has eight. From Ireland, Coolmore's **No Nay Never** has 12 catalogued, **Camelot** nine, and **St Mark's Basilica**, sire of now two French G1 winners, Diamond Necklace and These Secret Adversary, has eight. **Lope de Vega** has 16 catalogued; **New Bay** and **Mehmas** nine each; and new super-sire **Night of Thunder** and **Sea The Stars** eight each. Sire power drives sales, and as usual the August Sale has plenty of that.

Twelve stallions are represented by 61 yearlings from their first crops, headed by **Ace Impact** (13), who as an unbeaten Arc winner deserves to be taken seriously. Four other French stallions have first-crop representatives: G1 French Derby, Juddmonte International, and Saudi Cup winner **Mishriff** (7); G1 Grand Prix de Paris winner **Onesto** (5); and the Haras de Bonneval pair of G1 French Derby and Eclipse S. winner and Arc second **Vadeni** (5) and **Erevann** (5), a G2 winner by Dubawi out of Siyouni's first Classic-winning filly, Ervedya. From Britain and Ireland there are six yearlings each by **Chaldean** and **Little Big Bear**, five by **Paddington**, three by **Good Guess**, and one each by **Mostahdaf** and **The Antarctic**.
